MAY PROGRAM HONORS MOTHER ON SPECIAL DAY

Parade And Coronation Greet May Queen At High School Grounds Last Sunday

Led by the Chief of Police and headed by the Daly City Band a colorful parade marched from the Daly City Hall to the Jefferson Union High School football field on Sunday, May 8, to celebrate Mothers Day with a May Festival program.

In the parade were units from Boy Scouts of America, Troops 148 and 149; Independent Order of Foresters, Old Glory Post No. 2004, V. F. W.; Old Glory Post, V. F. W. Auxiliary; Italian Catholic Federation and American Legion Units, with uniformed groups and drum corps.

Immediately following the Daly City Band came a group of uniformed Boy Scouts acting as a guard of honor to the King and Queen of May, who rode in state on a decorated float surrounded by their court.

The parade passed in review before the platform on which the King and Queen of May were seated, reviewing the honors presented for them. The crowning of Queen of May was followed by a program of singing and dancing numbers presented by Miss Rose Dance Studio children.

Nearly 900 enjoyed the exercises presented for their entertainment and the announcement at the close of the program that the City Council had provided ice cream for the boys and girls present caused a rush which only for the helpful co-operation of the Boy Scouts were able to control.

The program included the following numbers: Ballet, specialty, song, "My Mother;" waltz clog by group, acrobatic dance, specialty, hula babes, sailor's hornpipe, jockey, tap dance, march by Daly City Band, Indian dance, specialty, "Glow Worm" toe dance, Hungarian dance, rhumba, double acrobat, "Moon of Marahara" song, baby tap, march by Daly City Band and minuet.

During the afternoon Mr. Carnivale, vice president of the Daly City Fathers Forum, announced the coming meeting on May 17 and described the purposes of the organization.

The day's exercises were conducted by the Daly City Recreation Staff.

KING CITY WILL BE STAGE FOR ANNUAL RODEO

Many Forms Of Amusement Entertain Large Crowd From Many Sections

Cowboys from the ranges of five central coast counties began arriving with their mounts, Friday, to compete in the non-professional rodeo around which is built the spectacular features of King City's third annual Stampede, which opens Saturday. Bucking broncs and bulls, aviation, dancing, music, stockhorse racing, track exhibition events, fireworks and a unique skyline cowboy parade have all been thrown into the Stampede skillet to cook up the most diversified entertainment omelette in central California for the week end of May 14 and 15.

Friday night a "Junior Roundup" will feature kiddies in a song and dance revue to open the week end program. Sunday morning a youngsters parade will be held while their elders prepare for the famed daily skyline cowboy parade to the rodeo arena for the opening ceremony.

Still Think Will Have Sunnyvale Base

In a wire to San Jose, this week, Congressman John J. McGrath renewed hopes that the Sunnyvale air base might again house a navy dirigible.

A $3,000,000 appropriation for construction and operation of a dirigible was reinserted in the navy appropriation bill at a recent Senate and House conference, the Congressman revealed.

U. S. PROBES CAL. DESERT MYSTERY AIRPORT

Hidden in the desert fastness near Twenty Nine Palms, Cal., government agents recently discovered a secret airport. Complete with a mile long runway and wind indicators, the airport is accessible by only one little used road. "Hangers" for planes were found in a rock fissure completely camouflaged bycanvas. Living quarters, underground, have reportedly been found with enough food to last a few men many months. The flying field is distinguishable only by a huge white rock, shown in photo. The field is in a natural valley, the run of which commands a view for many miles around.

GRADE AND HIGH ARE OF AID IN TRAFFIC SAFETY

At a meeting of the education committee of the San Mateo County Traffic Safety Council, held last week to discuss ways and means of improving both adult and child traffic safety education in San Mateo County, it was disclosed that excellent work is being done in the teaching of traffic safety in the grade schools and high schools of the county.

As was said by a speaker at the National Red Cross Convention, just closed in San Francisco. "We are so accustomed to statistics on violent deaths that it is most difficult to get the adult population to drive, act and live safely. But we can develop in the lives of the coming generations safety habits that will make them naturally do the safe thing."

The speaker stated further that there was no problem before the American people today of greater importance than stopping the terrific toll of avoidable accidents.—San Mateo County Traffic Safety Commission.

HIGHWAY FORCE SAFETY LANE IS WORKING WELL

Many Defects Found By Tests Corrected Quickly By Owners Of Automobiles

The traveling safety lane of the California Highway Patrol, now touring southern California, is finding thousands of mechanical defects in machines which are submitting to voluntary inspection.

A typical day's inspection covering 256 machines showed only 36 passing the inspection test 100 per cent. One or more defects were found in the other 220 and were divided as follows:

Horn, 11; windshield wipers, 30; safety glass, 4; stop light, 78; auxiliary lights, 10; brakes, 78; hand brakes, 5; wheel alignment, 68; windshield, 11; mirror, 4; muffler, 2; tail lights, 30; lens, 13; headlights, 161; foot pedal, 31; steering gear, 13.

It is pointed out that many of the defects could have been corrected by the owners if they had maintained proper watch over their machines.

To provide proper identification for all motor vehicles on which registration is pending, the Department of Motor Vehicles has announced adoption of a pasteboard license plate to supplement the emergency permits issued as windshield stickers.

Under the regulations for the new pasteboard plates, one must be carried on the rear of the vehicle for which permanent registration is pending.

The emergency pasteboard plates are red numerals on white cardboard, and each serial number is preceded by the initials, "AB." A notation on the card also says: "This card is not valid unless the correspondingly numbered red emergency permit is attached to the windshield.

POLICE CHARGE DALY CITY PAIR WITH GAMBLING

Alleged To Have Conducted Bookmaking Establishment On Saloon Premises

Charged with felony gambling and alleged to have operated a bookmaking establishment in Daly City, two men were arrested, Saturday afternoon of last week, by Daly City Police and operatives from the A. J. Kane detective agency.

Police Chief Barney Hilton said the operators of the place had defied warnings to close.

Kane operatives were said to have made a number of bets with marked money shortly before Hilton led a posse into the place and arrested George Kirchhubel and Louis Linhares.

The raid, Chief Hilton said, was timed to interrupt last minute business on the Kentucky Derby.

Kirchhubel, alleged operator of the place, was free on $250 cash bail, and Linhares, his assistant, is at large on $100 cash bail.

FIRE CREWS AID WITH EQUIPMENT

Members of the San Mateo County Fire Dapartment were the very first to have made a donation of beds and bunks for San Mateo County's Youth Hostels. Every member of the San Mateo County fire crews contributed to the fund, which was turned over this week to the County Hostel committee.

Bert Werder, fire warden, said: "Last year, most of our men had the chance to see just how Youth Hostelers travel through the country. Thirty eastern young people, under leadership, passed through our county on bicycles. The county fire crews helped them make camps in the County Memorial Park, and every man was impressed with the simple and practical experiences which these young people were gaining.

"Side by side, we saw youths from the richest and from the poorest families in New England, who camped overnight and cooked their own meals at a fixed budget of $1 a day. None is allowed to exceed this limit of $1 a day for all purposes. The opportunity for association among these young people was impressive."

He further said: "It is of vital importance that the citizens of San Mateo County see that stopping places are provided for these travelers. It will be a great boost for our county, in addition to a proper evidence of our hospitality."

NEW 3-CENT STAMP

APPORTIONMENT MOTOR VEHICLE FEES INCREASE

Apportionment of motor vehicle fees to cities for the first quarter of 1938, announced this week by the Department of Motor Vehicles, show Daly City will receive $4609.40, an increase over the first quarter of 1937 when the figure was $4206.58.

At the same time it was announced that $16,020.25 had been allotted to San Mateo County for the first quarter of the year. This also represents an increase over the 1937 figure.

Total apportionment to counties for January, February and March reached $1,175,001.47 as compared with $1,085,357.31 last year, while apportionment to cities totalled $2,350,002.94 this year, $2,170,714.63 last year.

Auto Driver Held For Investigation

State Highway Patrolmen Hanlon and Porter, Saturday night last, arrested John W. O'Connor on a charge of reckless driving.

Monday of this week he was sentenced by Judge Wade H. Clay to two days in the county jail.

The judge explained this sentence was imposed for the purpose of holding the prisoner in jail until Los Angeles police arrived with additional warrants.

James Cannon, alias James McCarthy, O'Connor's companion who is being held for "investigation," is wanted in five cities on forgery charges, according to the sheriff's office.

LOCAL GOLFERS AMBITIOUS TO PLAY IN EAST

Move Started To Send Local Contingent To Public Links Championships

Stimulated by the astounding success of Daly City golfers in recent tournament play, local fairway enthusiasts recently started a campaign to send a golf team representing Daly City to the National Public Links Championships, which will be held in Cleveland, Ohio, late in July.

The move took foot when Einar Hansen, willowy Daly City blond, defeated his fellow townsman, George Gnau, to win the commuters championship at the Alameda Municipal Course, several weeks ago. Surviving one of the fastest competitive fields ever assembled on a public golf course, Hansen took home a glittering trophy to put on the mantelpiece of his home on Santa Barbara avenue.

Another local boy, Jim Kennedy, won a cup in the second flight, thus giving Daly City a toe hold on three of the first of four trophies which were awarded.

Last year, when the Public Links Meet was held in San Francisco, the Daly City foursome, composed of Hansen, Gnau, Bob Sylvestri and Fred McLeod, took third place, and golfers representing every major city in the United States went home singing praises of the local players.

Depending on the support of the Daly City Merchants Association, the Daly City Record, and other active organizations, an attempt will be made to raise funds to defray expenses of the tour to Cleveland. A tournament will be held at one of the local courses to determine which four golfers shall be Daly City's ambassadors in the national championships.

Some of those expected to compete are Einar Hansen, George Gnau, Bob Sylvestri, Jim Kennedy, Art Harris, Howard Capps, Bob Baird, Moe Plansky, the Opperman brothers, Fred McLeod and others. All of these players are recognized in San Francisco golf circles as being of championship caliber, and from this field of long-driving, par-shattering golfers is expected to evolve one of the strongest municipal teams in the United States.

Four Are Injured In Machine Crash

Four members of the Eugene Bertorelli family of 448 Railroad avenue, South San Francisco, were injured, Sunday of this week, in a collision in Daly City between Bertorelli's car and one driven by August Nelson, San Francisco.

The injured were Bertorelli, Mrs. Mary Bertorelli, his wife, and their two children, Ray and Anna. All were treated at Junipero Serra Hospital for cuts and bruises.

Court Reunites Mother And Daughter

Reunited for the first time in twenty-six years, Mrs. Elizabeth Willis (left) is pictured with her daughter, Nahma Hoag Bryant. Nahma, brought up in the belief she was the daughter of the Charles Augustus Hoags, socially prominent in San Francisco, had filed suit demanding the Hoags reveal the facts of her birth. She claimed they had, after she was grown, told her she was not their daughter, but refused her further information. The Hoags adopted Nahma shortly after she was born, in San Francisco in 1912. Appropriately, the real mother was reunited with her daughter on Mother's Day.

Friday and Saturday, May 27 and 28, were designated "Poppy Days" in Daly City in a proclamation issued, early this week, by Mayor Paul Selmi. The pronunciamento urged all citizens to honor the World War dead and aid the war's living victims by wearing the American Legion and Auxiliary memorial poppy on that day. The proclamation reads:

"Whereas, in the World War of 1917-18 the young men of Daly City gave their service to the defense of the United States in an exalted spirit of patriotism and some were called upon to sacrifice their lives in that service;

"Whereas, many others were called upon to sacrifice health and strength, with resulting suffering and hard-

HOG ORDINANCE TEST CASE FILED

Thomas J. Callan, Colma rancher whose hogs have been banned by the San Francisco Health Department in a campaign against trichinosis, this week, filed two actions in the Superior Court at Redwood City to force Dr. Charles C. Gans, county health director, and Tax Collector Ambrose McSweeney to issue him a certificate of sanitation and a permit to operate.

Judge Maxwell McNutt has issued an alternative writ of mandate compelling McSweeney to issue a permit or show cause on May 23 why he should not do so.

Callen claims it costs $100 a day to operate his $17,000 hog ranch and that the refusal of Dr. Gans to issue him a certificate of sanitation has prevented him from selling his hogs. He faces bankruptcy, he declares.

On the return trip the group stopped at La Honda for refreshments and then resumed their excursion to Inspiration Point at the summit of the Skyline boulevard, where they enjoyed viewing the panoramic view of the points of interest such as the Stanford Campus, Sunnyvale Airport, the Woodside Estates and the lovely Spanish architecture of the surrounding homes.

There will be an afternoon whist in Legion Hall, Thursday afternoon of next week, May 19, at 1:30 o'clock. An enjoyable afternoon is promised. Refreshments will be served. Mrs. Catherine Foreman and Mrs. Claire Durkee are chairmen. Everyone is invited.

The president and several members are attending the district meeting being held in Menlo Park Legion Hall this, Friday, evening.

On Sunday, May 15, the district drill team and members from the entire district will converge on the Veterans Hospital at Palo Alto for the celebration of National Hospital Day. Open house will be maintained and a recreational and entertaining program has been planned for the afternoon, beginning at 1 o'clock. Music, drill team exhibitions and speakers have been provided. SOY BEAN HEMMED IN

Soy Bean, the flivver belonging to Joseph Straughan, 25 Los Banos avenue, is unable to get out into the world this week.

When Joe came home the other day he found workmen engaged in making a garage runway and, of course, will have to wait until the concrete hardens before Soy Bean can get out into the open again.

A fresh coat of paint is also being given to the building at the same address.

THIRTY INJURED IN LOS ANGELES STREET CAR CRASH

Thirty persons were injured recently, some of them seriously, when two street cars crashed in Los Angeles during an early morning rush. The "U" car, traveling north, was struck by the westbound "J." Revision Of Social Security Act—The Social Security Board is considering changes in the Social Security Act. President Roosevelt has requested that recommendations for this purpose be made before the next session of Congress. The following are some of the changes anticipated: The feasibility of extending coverage of the act to include all workers in the country; a plan to advance the date when annuity payments will start; provide adequate benefits for aged wives and widows of workers that are covered in the program; provision of benefits for young children of insured persons dying before reaching retirement age. These are the most important problems under consideration.

* * *

Recovery — The President's relief-recovery program is being worked on by the House Committees on Appropriations and Banking and Currency. An increase in the Federal Housing Authority's half billion dollar bond authorization to a billion dollars was proposed by the Banking and Currency Committee. The White House conference, however, agreed that an increase of $300,000,000 was sufficient. Three hundred and sixty thousand applications for family loans which could not be granted were received by Secretary Wallace of the Department of Agriculture. Secretary Ickes said PWA has 2,714 approved public works projects that could be started within 90 days. A report is expected from both committees soon.

* * *

Railroads—Railroads are getting attention in Congress now. Congressional leaders and representatives of the ICC and of railway management and railway labor met with RFC Chairman Jesse H. Jones to bring about a plan to help railroads. The program includes loans to railroads to purchase equipment; loans to re-employ men who have been furloughed since October, with 25 per cent of the loans to be used to purchase materials; a year's waiver of the requirement that ICC must certify the road is not in need of financial reorganization.

* * *

Construction Up—One of the encouraging developments during the past month has been the greater than seasonal increase in residential building construction, which in the first three weeks of March was only about 14 per cent smaller than a year earlier, as contrasted with 50 per cent in January. The value of all construction contracts in the first quarter was one fourth under a year ago. Home mortgages selected for appraisal by the Federal Housing Administration during March totaled more than 95 million dollars, compared with 68 million a year earlier.

* * *

Relief - Local Or National?—The problem of relief is again being debated. Opinion is divided on the question of whether the national government should continue handling relief, or whether it should be diverted to the local governments. Although many feel that the former should be the solution, there are those who feel that the local governments are not strong enough to bear the major cost of unemployment relief.

* * *

Wage Hour Bill—The wage hour legislation is at a standstill at present. By an 8 to 6 vote on April 29, the House Committee on Rules refused to report a rule to pave the way for consideration of the wage hour bill in the House. Mrs. Norton is at present working to have the committee discharged of any jurisdiction in the matter, and if she succeeds (by obtaining 218 signatures) the bill will be brought up in the House.

* * *

Industrial Activity—The failure of industrial activity to experience as much of a spring upturn as had been rather generally anticipated may be attributed to several conditions. Expectations of a substantial increase in buying of various industrial goods as inventories became depleted were not borne out, although there was some improvement in such varied lines as steel, textiles and shoes. Retail sales, however, continued well above the apparent total production of finished consumer goods, and the apparent utilization of many semi finished products such as steel in quantities materially greater than current output. Evidently, during the past year, available indications of inventories and advance buying have let to underestimating the inventory situation, and stocks on hand must have been much greater than was at first thought.

* * *

Lower Rates—The Pettengill bill to permit railroads to charge lower rates per mile for long hauls than for short hauls, has been favorably reported from the Senate Interstate Commerce Committee. The committee also decided that the government should pay full railroad rates, eliminating government reduced rates on rail lines that have land grants, by approving a bill for this purpose.

* * *

Invitation — The President has accepted the offer of sixteen industrial and financial leaders to aid "to the full extent of our ability" in ending the present business recession. Business leaders are invited to suggest "specific steps" that will bring a closer co-operation between business and government.

AAA Program Modified — The Agricultural Adjustment Administration announced that details of the 1938 Agricultural Conservation Program have been changed to put that phase of this year's AAA Farm Program in line with recent amendments to the Agricultural Adjustment Act of 1938. Amendments provide that no rate of payment in connection with soil depleting crops should be less than 90 per cent of rates listed when the program was first announced last October 23. Other amendments were designed to clarify language of the act and simplify its administration.

ACCUSED IN THEFT OF ARMY REPORTS

Sergeant S. B. Edgeman

Sergeant Samuel B. Edgeman, acting sergeant major of the Thirtieth Infantry at the San Francisco Presidio, who faces courtmartial. He is accused of stealing confidential army reports. The sergeant assertedly admitted taking the documents, saying he had taken them home to work upon. Long known as a "model soldier," Edgeman served as staff sergeant of the Thirtieth Infantry in Tientsin, China, from 1926 to 1929. He was placed in the guard house pending courtmartial. The documents concerned personal matters.

Mother's Day-Troop Birthday Anniversary

Friday evening of last week marked our second troop anniversary. Our mothers were honored at the same affair. Former pastor Jesse Gill, member of our first troop committee, honored us with his presence. He was accompanied by his daughter, Bonnie Ruth.

Place cards in the form of miniature tents with the inscription: "Our aim—every Scout in our troop in camp at least two weeks this summer," were a feature of the decorations. Birthday cakes in purple and gold with two candles were provided by Mrs. John A. Mosman, our newest Scout Mother.

* * *

Indian Patrol Elects

On Monday evening of this week the Indian Patrol met at the home of its newly appointed leader, Richard King, and elected an assistant and a patrol scribe. Buddy Przbarowski was accorded the first honor and Ernest Anderson was named record keeper.

* * *

Waterdog Patrol

The Waterdogs met at the home of Assistant Patrol Leader Edward McIntosh and adopted a patrol constitution presented by the leader, Glenn Goode. Considerable time was spent on model airplane construction.

* * *

Lion Cub Joins Troop

John Mosman Jr., who passed all of his Tenderfoot requirements with the highest possible rating, was inducted into the troop in a very colorful ceremony. While the lights were low, as John recited the Scout law in full, various members of the troop stepped forward and lighted candles on the scouting tree branches corresponding to the laws. The Indian Patrol was chosen by the new Scout and he was formally inducted into it. The ease and confidence displayed by candidate Mosman demonstrated the value of a boy coming up through the ranks of Cubbing. Joining the troop was no ordeal as is so often the case, but a decidedly enjoyable and thrilling adventure. Scouting songs with stunt endings pleased the visitors and Troop Committeeman Straughan favored us with a pianologue entitled, "Down Where We Do Our Campin'." He was accompanied by Mrs. Mosman on the piano.

* * *

Awards Given

Service star awards were given to Scouts McIntosh, Przbarowski and Goode. In the efficiency contest, prizes, consisting of Scout equipment, were awarded to the following boys: Edward McIntosh, first prize for his patrol and the troop; Kenneth Claussen, second prize for the troop; Richard King, first prize for his patrol. Kenneth Claussen and Donald Laston tied for first place in the Scout oath and law contest. Each boy recited the oath and law in full and letter perfect to parent or leader once each week during the contest. Glenn Goode came in first as the Scout attending the greatest number of religious services during the contest.

Motion Pictures Shown

Motion pictures of recent Scouting activities and of the Festival of Youth were shown to a very appreciative audience. Most interesting among them were some scenes of a recent visit to the hermit of Haunted Hollow. The wind was blowing and it resembled a hurricane picture.

A thief who stole a suit of clothes from Tubby Walton of Atlanta, probably had material enough for two suits, as Tubby weighs 350 pounds.

HOUSEWIVES MEET AGAIN IN FALL

The Experienced Housewives again congregated, Monday of last week, in the little home at 139 Knowles avenue for their regular monthly luncheon and good time party. Each guest brought an individual lunch to change about with someone else, while the hostess brought forth hot coffee and a casserole to warm the windblown kitcheneers who had dared to brave the weather.

Less than two weeks before her wedding, Ruth Lindorff was numbered among the present members and from them received a gift, to grace the new home for many years to come.

Each box of lunch contained a short article appropriate for Mothers Day and was read aloud as each member uncovered her surprise package.

It was decided to discontinue the meetings during the summer months, the next meeting to be called some day in September.

The executive chairman of the Festival of Youth sent a special message of thanks to the Housewives, which read as follows:

"We take this opportunity to thank your organization for the fine booth it maintained at the recent Festival of Youth.

"It is indeed a pleasure to know that fine groups such as yours should take such a genuine interest in the youth of our community in helping out the splendid way that you did.

"May your club proper and continue to be a blessing both in its own sphere and others to other groups it should decide to play "big sister to.

"The management and all connected with our youth groups sincerely thank each and every one of you ladies for what you did.

Cordially yours,
JOSEPH STRAUGHAN,
Chairman, Festival of Youth
Executive Committee."

FUN AND WORK FOR SEA SCOUTS

Along with the Scout patrols on the registration list at Camporee this year will be a patrol of Sea Scouts from Ship 149. They will maintain a regulation camp area like the other Scouts, but will be listed as a motorized unit or general shore patrol.

The members will help direct traffic and parking, and on Saturday night after taps, their duty will be to see that all camp fires are out and that everything is all right. A few of them will probably stand watch all night or will take turns at it.

The main idea is to see that nothing goes amiss.

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Mortals must look beyond fading, finite forms, if they would gain the true sense of things. WPA Housekeeping Aide Project Proves Of Great Value To Needy Throughout Country

(By Hart Goodrich)

In several cities in the country the Works Progress Administration is making life happier and easier for the hundreds of ill mothers in the poorer sections of the city, harrassed by the fact if they took the rest they need nobody would care adequately for their homes. The project employs women as housekeeping aides who are qualified by native intelligence and by their own experience to follow simple instructions in housekeeping work.

Housekeeping aides are assigned to homes only after requests from public welfare agencies, which must limit their requests by these conditions:

(1.) Only needy families may be recommended. (2.) The situation which requires assignment of a housekeeping aide should be a temporary, rather than a chronic, condition. (3.) Services should not be requested for homes in which communicable diseases exist. (4.) Services should not be requested for homes in which serious domestic maladjustments exist.

The training of the aides is designed to provide them with a knowledge of how to care for a house and straighten furniture, plan menus, prepare, serve and care for food, mending clothes, laundering and caring for children.

The existence of the project is due not only to the needs of the housewives, but also to the desire of the WPA to find some undertaking for unemployed women which would not entail the high material cost attached to the sewing project. A general estimate of the materials cost is $200 for twenty workers for six months here in Washington. Twenty workers, according to Miss Steele, director of the Womens Division of WPA for the District, represent only a fraction of the women on relief who could be employed as housekeeping aides.

Such projects as above are very worthwhile and, because they fill a real need in every community, should be encouraged.

TRACK MEN TO GO TO FRESNO OVER WEEK END

Students Carrying On Intensive Campaigns For School Elections Set For Next Week

San Mateo Junior College will send a small squad of track men to compete in the Fresno West Coast Relays this week end. The Mateans took second place in the junior college conference meet at Modesto to end their conference season. Sacramento won, while Modesto was third. Menlo scored one point only, while San Francisco and Placer junior colleges went scoreless. Marston Girard took firsts in the mile and half mile races to lead San Mateo in scoring.

A total of 860 high school seniors visited the Junior College campus on the annual College Day trip. The students talked with teachers, visited clesses, had lunch and attended an assembly arranged for them.

With elections set for next week, the jaysee is now carrying on an election campaign for numerous offices that must be filled for the fall term. At the same time the girls organizations are holding their fall elections.

Two crowded houses saw the Junior College Players present their term play, "Stage Door," a comedy, last week end. A large cast, well trained, gave two fine performances.

Recently Bill Gilbert, jaysee student, saw a large fish in the shallow waters of the San Mateo Creek on the edge of the college campus. He caught the fish with his hands, and thus aided in keeping alive the story that there are fish in the creek. Strong possibility exists that the fish came from the lakes when the water was flowing over the dam during the recent high water period.

Work on The Campus and The Lit, the two annual publications to be brought out late this month, is being pushed by student staffs.

College drama students recently entertained at the Veterans' Base Hospital in Palo Alto. The students presented a skit, a dance, vocal solos and two readings.

EAT AND DANCE

Mother's Day was one of rejoicing in the Fellman family of Brunswick street as baby Joyce Ann, infant daughter of Victor and Alecia Fellman, was baptised at 2:30 o'clock in Our Lady of Perpetual Help Church.

A turkey dinner, with all the appropriate trimmings, was enjoyed by 18 guests among whom was Ty Cobb, the cupid of the Reno, Nev., marriage bureau, a relative of the Fields family.

After dinner dancing was enjoyed.

LARGE DIVIDEND DISTRIBUTED BY BANK OF AMERICA

Directors of Bank of America met in Los Angeles, recently, and declared dividends for the current semi-annual period, payable quarterly, at the regular rate of $2.40 per share per annum, established in September, 1937.

This, it was said, means distribution of $4,800,000 to approximately 160,000 holders of 4,000,000 Bank of America shares outstanding .

In addition, the directors voted to add $4,000,000 to the bank's surplus, raising the total of this amount from $36,000,000 to $40,000,000.

Payment of the first quarterly dividend will be made on March 31, to holders of record as of March 15. Second quarter distribution will be made June 30, to stockholders of record June 15.

"Distribution of this large sum of money will undoubtedly mean much to business at this time," commented L. M. Giannini, president of Bank of America. "Much of it will go immediately into the channels of trade."

ALWAYS ATTEND TO JOB IN HAND WHILE DRIVING

Lack Of Attention Is Cause Of Large Number Of Accidents

Driving is a full time job.

This truth is forcefully demonstrated by the fact that last year something like 2000 motorists in California drove off the road for no other apparent reason than inattention to the business of driving, it is pointed out in a statement by the public safety department of the California State Automobile Association.

"Driving off the road has a place high on the list of traffic accident causes in this state," the statement said. "The chief reason why anyone drives off the road is inattention; in other words, driving but thinking of something else.

"The really thoughtful driver, the good citizen careful of his own safety and that of others, keeps his eyes on the road, his hands on the wheel, and every faculty centered on driving

"Inattention betrays its victims into edging over the white lines, where the car may be sideswiped; causes them to hit persons on the sidewalk as they back out of their driveways; to bump the car ahead when it stops suddenly; to run through traffic signals and boulevard stops.

"Attentive drivers seldom have accidents. Driving with their eyes on the road and looking far enough ahead of their radiators, they are prepared for and can meet emergencies that bring disaster to the inattentive driver.

"Attentive drivers realize that a certain fraction of time elapses between the decision to apply brakes and the act itself; that during his "reaction interval" a car driven at only 30 miles per hour will travel 33 feet, then 40 feet more after the brakes are applied.

"At night, attentive drivers do not let their speed increase to a rate greater than will permit them to stop within the range of their headlights."

Students Visit S. F. Park And Zoo

The sixth and seventh grades of the Woodrow Wilson Elementary School spent a recreational as well as instructional day at Golden Gate Park. The fifth grade visited Fleischhacker Zoo and enjoyed the trip through the newly renovated and expanded zoo as well as the playground facilities.

Favorable comment from teachers and passengers on the street car reflected the efficiency and organization of teachers in handling large groups.

AN ADVENTURE FOR SEA SCOUTING

The Sea Scouts of Ship 149, including the Skipper, went on their usual sail, Sunday afternoon, May 8. Leaving Yacht Harbor at approximately 1 o'clock in their whaleboat, "Clipper," they set their course for Sausalito.

Skimming along smoothly on a southwesterly wind they talked, watched pelicans dive for fish, and enjoyed themselves generally. Reaching Richardson's Bay at about 2 o'clock, they came about and started back. It was then, on their return to San Francisco, that the trip turned into an exciting adventure. While still in Richardson's Bay the wind became gusty and soon blew quite heavily. Bucking the rip tide, the return trip necessitated much quick tacking and shifting of positions to keep the whaleboat aright. The bay became very choppy and frequently heavy waves dashed over the bow, drenching the alert Sea Scouts to the skin.

Everyone was having an exciting time and was too busy with the sport of real sailing to get seasick.

Approaching San Francisco about 5 o'clock, and as the wind was as bad as ever if not worse, it was decided to head for Fisherman's Wharf, which was directly ahead. There the boat was moored until it could be taken back under more favorable conditions.

INDIANS BEATEN BY SOUTH CITY

Traveling to South City, Friday afternoon of last week, the Jefferson baseball team suffered a 10-9 defeat at the hands of the Industrial City nine. The game was played on South City's brand new baseball diamond.

Victory looked almost certain for Jefferson at the beginning of the contest, when a first and second inning rally netted the Indians eight runs. The Jeff batsmen proved their ability in these two innings by knocking the South City hurler all over the lot. At the end of the second inning Jefferson had the Boilermakers trailing by a count of 8-0.

It seemed the Indians were not the only hitters in the game, as South City came back in the third to blast the Jeff hurler out of the box. Suffering from an off day, Pitcher Bill Preston tried hard to tame the Industrial sluggers, but was relieved by Stanley Jones in the third, who finished the game on the mound in good form.

The Jefferson defense looked none too good on the exceptionally fast infield of the South City diamond. Charles Murray again led the Jefferson hitters and retained his league batting lead by getting three hits for three trips to the plate.

EXOTIC STAR IS THEME OF PLAY

"Viva Villa!" Musical Score Includes Unusual Mexican Native Songs

Music of Mexico—sentimental, ribald, gay—plays an interesting part in "Viva Villa!" starring Wallace Beery, which opens, Sunday, at the Daly City Theater.

To the folk songs of the southern republic, which are sung at various times during the film, is added a new sentimental number, "Madre Mia," by Herbert Stothart, noted composer.

And, adding to its novelty, the song is played on the guitar and sung by Beery himself! It is Beery's first singing role on the screen.

Other tunes sprinkled through the spectacular story include "La Cucaracha," the ribald story of the adventures of the little cockroach, which has been sung in Mexico for generations. It is a rollicking tune.

In another vein is "Las Quatro Milpas," the song of the enslaved peons who tell, in the lyrics, the story of the pillage of their homes by the wealthy hacendados, until now they have only four little grains of corn.

"Viva Villa!" is a fictional narrative of the life and loves of Pancho Villa, the Mexican peon who rose out of slavery and obscurity to become a great revolutionary leader. It follows his career from his boyhood to his assassination—a tragedy that shocked the world.

With Wallact Beery are such notables as Leo Carrillo, Fay Wraw, Donald Cook, Stuart Erwin, George E. Stone, Joseph Schildkraut, Katherine De Mille, Phillip Cooper, Frank Puglia and Henry B. Walthall.

Also "Paradise For Three," with Robert Young and Florence Rice.

The clerks of a wedding license bureau in Los Angeles blinked when a couple appeared recently to file intention to marry. Their names were Rosalin Oh and Henry You.

ACTIVITIES OF CROCKER PTA

The regular monthly meeting of Crocker P. T. A. was held Tuesday afternoon of this week at the school on Bellevue avenue, President Virginia Davidson presided.

Reports were submitted of the district convention, after which the various awards presented at the convention were turned over to the Unit.

Mrs. Laura Larsen was elected delegate to accompany the president to the state convention in May at San Francisco. Mrs. Bernadine Lewis and Mrs. Orvilla Pauw were elected as alternates.

Past President Otha Kinsey, in behalf of the Unit, presented Carmel Robins a gift in appreciation of her winning first prize in the district poster contest. The following were also presented with gifts for their outstanding work in the contest: Alberta Jacobi, Charlotta Silvas, Warren McHugh, Walter Cavagnaro, Robert Seiler, James Frasier and Robert Spark.

A party will be given by Crocker P. T. A. for the graduates the last day of the school term. Mrs. Bernadine Lewis will be in charge of this affair.

A jinx whist will be held Friday evening of this week, May 13, at the Crocker School. Mrs. Florence Thorsen will act as chairman.

Following the meeting tasty refreshments were served, the table being beautifully decorated. A miniature ship occupied the center of the table to represent the new president's journey into her term of office.
